- Web design skills
- Can accept responsibility and enjoy working independently
- Fluent in English

## Who we are

The Department of Management is one of the six departments at Aarhus BSS- one of the five faculties at Aarhus University. Aarhus BSS unites the business and social science-related research fields and brings them closer together to reflect the close relationship between society and the business community. As part of a Top 100 university, Aarhus BSS and the Department of Management have achieved the distinguished AACSB, AMBA and EQUIS accreditations.

The department's research and teaching environment is highly international and culturally diverse with a mix of Danish and international academic staff members and PhD students. We employ more than 160 academic staff including researchers, PhD students, research associates and cover a broad range of disciplines within management, e.g. marketing, international business, organization, HR, strategy, management accounting, innovation management, entrepreneurship, project management, and information systems. We aim to conduct high-quality research, and we give high priority to publishing our research in leading academic journals and presenting it at recognised conferences. In addition, we have a dynamic exchange of international researchers, who stay at the department for short or long periods of time.
