Associate Professorship(s) in Management Accounting and Financial Accounting (re-advertisement)

The Department of Business Development and Technology (<u>BTECH</u>) at Aarhus BSS, Aarhus University, invites applications for associate professorship positions in management accounting and financial accounting.

An associate professorship is a full-time permanent position. Associate professors divide their time evenly between research and teaching activities, and the successful candidates will become part of the <u>AIROD</u> research section. The starting date is 1 November 2025 or as agreed upon.

Job description

We are looking for candidates who can strengthen our research profile. A significant part of our work involves business partners, and we often perform applied research. Hence, it is important that the candidates have an intention to conduct research on topics that are relevant to modern companies and potentially involves company collaboration.

Candidates are expected to teach and supervise students at all levels including PhD students. Our study programme portfolio contains a MSc program and a bachelor's degree in Economics and Business Administration as well as industry-oriented training. Hence, candidates should be able to teach courses in one or more of the following domains: Management accounting, Financial accounting, and Finance.

Your qualifications

Employment as associate professor requires a PhD degree and a strong academic background as assistant professor or equivalent. Furthermore, applicants for associate professorships should hold the following qualifications:

- A proven record of strong international research, as evidenced by publications in highly reputed international journals.
- A track record of excellence in teaching on topics relevant for our study programmes.
- A clear, well-developed and viable strategy for future high-level research.
- A track record of good citizenship in the wider academic community combined with a commitment to contributing to a vibrant work environment at our department.
- A commitment to sharing insights and knowledge with the broader society and prioritising dialogue with practitioners.
- A commitment to teaching that provides the students with relevant competences as well as the ability to reflect critically on business topics.
- A willingness to engage in external research funding activities.
- Applicants are encouraged to describe how their research is important for industry. The description could include concrete collaborations, impact, dissemination activities, etc.

Non-Danish speakers are required to acquire a reasonable knowledge of the Danish language within three years. The department will grant time off from teaching to attend Danish courses during the first two years of employment.

Permanent employment as associate professor at Aarhus BSS requires completion of the supervision course and also the course Online and blended learning provided by Centre for Educational Development at Aarhus University. If you have not completed the courses before commencement of employment, continued employment will be conditional on completion of the courses within a two year period.

Who we are

BTECH is part of Aarhus BSS, Aarhus University – a top 100 university. BTECH is located in the business-oriented and entrepreneurial city of Herning. The department excels in business, IT and engineering disciplines and emphasises the importance of company collaborations. We have around 1,200 students and close to 100 faculty and

Institut for Forretningsudvikling og Teknologi

Faglig kontaktperson:

René Chester Goduscheit Prodekan goduscheit@au.dk +4526350699 staff. Each year, approximately 500 students are involved in company projects in more than 250 companies ranging from SMEs to leading multinationals. Our incubator Business Factory launches 10 new companies each year.

We influence society through business development and technology. For this reason, many research projects are conducted in close collaboration with industry on the basis of new data and new technologies. These projects are generously supported by the ERC, Horizon Europe, the Independent Research Fund Denmark and the Danish Industry Foundation, among others.

More information about BTECH is available here.

Further information

For further information about the position and the department, please contact Section Head René Chester Goduscheit, tel.: +45 2635 0699, email: goduscheit@btech.au.dk.

Place of work

Birk Centerpark 15, DK-7400 Herning

Previously submitted applications will be taken into consideration unless they are withdrawn.

Terms of employment

The appointment is made in accordance with the <u>Memorandum on Job Structure for Academic Staff at Danish Universities</u> as well as the circular on the <u>Collective</u> Agreement for Academics Employed by the State (in Danish).

The job content and qualification requirements are described in further detail in the Ministerial Order on the Appointment of Academic Staff at Universities.

Application procedure

When you apply for this position it is mandatory to attach the following:

- Application
- Curriculum Vitae. You are encouraged to declare any periods of leave without research activity, including, for example, maternity leave, since your research activities are assessed in relation to your actual research time
- Education (diploma for master's, PhD and possibly higher doctoral degree)
- List of publications (the enclosed publications must be clearly marked on the list of publications)
- Publications. Up to five publications can be included in the application. In the
 event of several authors the publications must be accompanied by a co-author
 statement concerning the applicant's share of the collaborative work with the
 consent of the co-authors. This template may be used for the purpose
- Teaching portfolio. The specific requirements regarding the documentation can be found here

Materials which cannot be uploaded together with the application may be submitted in five copies to Aarhus BSS HR & PhD, Aarhus University, Tåsingegade 1, 2nd floor, DK-8000 Aarhus C.
